Dasha You run now Rahu- MER Up to 24/ 4/18

Sub Periods

Rahu-merc-KET till 10/ 4/16

Rahu-merc-VEN till 13/ 9/16

Rahu-merc-SUN till 29/10/16

Rahu-merc-MON till 15/ 1/17

Analysis:

The dasha you run is rahu-mercury.

Though your rahu is not very weak, it sits in 3rd house of Capricorn(ruled by Saturn). Now Saturn the disposer of rahu on which rahu sits is old and not in its friendly sign in Sagittarius in 2nd house.

So overall this maha dasha could give un expected twists and turns to money flow situation and status as 2nd house of wealth and status is also involved.

You need to take well thought actions and no rash or hasty actions to be taken by you. This could affect your job prospects . You need to be slight careful till you reach the age of 30(2020).

Your mercury is extremely weak and old(over 29 degrees) in Leo(10th house of career) and rules 8th and 11th.

This can make life a bit tough, as it suggest inordinate delays in your career or sudden issues cropping up in career or money front.

But as you run rahu-mercury-venus till year September 2016, though venus not very strong is in 9th house of luck. It gives some luck in-between , say in months May, August/sepetmber time frame.

But it is after sepetmber 2016 and year 2017- you run sun that is fairly well placed, you will start getting good offers and yes position for your job. Though it may not be as great as you expect, but still above average to keep you peaceful and more happy. Cash on opportunities that time. YES, you will be fairly

successful in job, but whenever mercury sub period or major period runs, mercury is weak in transit or sun is weak in transit you could face issues at job front.

Presently Rahu is in your house of career in transit, so it's affecting you.

In the mean time, please don't its quite-keep trying and opt for a job which is practical and hands on even if they pay you very less. It would help you in any case as I can see.

This year 2016 could be a bit restrictive and frustrating, but by year end October onwards- your happiness levels could go a bit better.

Remedies(BONUS):

- Help poor students in studies for mercury
- Shiva Chalisa for rahu. Daily
