Your Lagna & Navamsha Horoscope Details:

SECTION 1: Your Past Life, Reincarnation and Karma Based on Vedic Astrology

What is Past life about?

We have a very Powerful ,Unique & Rare Past Life Karma report. That unfolds your past events based on Vedic Swara Vigyana/Hebrew sages and also Vedic astrology. If interested you may please let us know. This report is a unique combination of wisdom of Vedic and Hebrew sages-as Vedic culture was spread over there in Egypt as well.

How Vedic Astrology deals with Past life?

- The ancient science of Vedic astrology deals with past life based on the indications of the ninth bhava and influences coming on the same. Also the 5th bhava is checked for purva punya as well. These houses and lords carry the energy of the past life.
- Just like there was an economic slowdown due to bad karma of people to do excess lending etc in 2010, same is true with human beings. If do not do the acts in the principle of creator we incur karmic debts and that reflect into his birth or coming birth. The world or the cosmos acts like a bank to store all the good and bad actions of the person.
- Also the Vedic rishis have designed the higher divisional charts like the d9th or navamsha for

- the purpose and also the d12 or dwdasamas for the purpose plus the d64th for the purpose to check our past life karma.
- So if the birth time is accurate and one has a deep enough knowledge of Vedic astrology one can at least pin point the basic energies of the past life.

The energies of Your 9th bhava and 5th bhava(which country or state you may have belonged in past life)?

- The lord of the 9th bhava is Saturn(shani) that is Aquarius and Saturn(shani) is in Virgo or Mercury(Budha) sign in 16:32 degrees and reversed in the 4th house of public image and family.
- As Saturn(shani) is retrograde in 4th house in Virgo, this could cause you to serve and help others selflessly. It may be difficult for you to work according to plans. You will be a success in life only taking responsibility and doing hard and sustained work.
- Also this could give you a lot of land and bungalow in life sooner or later. There could be inheritance from father and domestic happiness may have slight issues.
- **The sign of Aquarius rules the following countries**
 - Sweden, Some parts of Arabia, Russia, Denmark, Lower Sudan,
 - If born in India or bharat(ancient) , land of mlecchas like arab countries, especially Saudi

Arabia or lower Sudan as Saturn(shani) in retrograde .

- There is a high chance you could have been born near a desert land with some greenery as Virgo is there. Also as Saturn(shani) is reversed so chance of being born in a country where discipline is taken to an extreme is high.
